

### Who are we?

- A group working to support our library
- We work in partnership with the Community Association, County and Parkland Regional Library System
- Membership is open to anyone wishing to help the library
- We are in the process of becoming a registered charitable organization

### Why do we need Library Friends?

- The library is a vital part of our community
- The library provides many technical services that cannot be run by volunteers alone
- Library membership is growing dramatically
- Funding is very limited so basic library operations need to be supported by fund raising and applying for grants

### How can you help?

With your support the Water Valley Public Library will not only survive, it will thrive.

Here's what you can do:

**Join us!** Fill in the attached membership form.

**Donate!** All donations big and small will help the library continue to serve you.

**Volunteer!** Be a real friend of the library!

With the exception of a small portion for costs (copying, postage, etc), all donations will go to help library operations.

With your help we can build a library that will serve Water Valley for many generations.

**I hope that more and more Albertans will decide to donate books and funds to their libraries, and that they'll get more involved in library activities.**

The Honourable Lois E. Hole, past Lieutenant-Governor of Alberta and friend of Alberta Libraries
